

## ANTE ROOM ECHOES

Odd Fellows Preparing for Their Anniversary Celebration.

Masonic Temple—Work in the R. of F. and A. O. U. W.—Sons of St. George Will Celebrate St. George's Day.

The week just closing was a busy one with most of the orders. The lodge meetings were well attended and a good deal of important business was transacted. There was no big event, but altogether the amount of work done was satisfactory and shows that progress is being made and the orders are aggressive.

## Masonic.

The Masons have abandoned the plan of building on State and Fourth, and have disposed of the site at that point. They are figuring on having a temple erected on Second, South of the corner of Main and State streets, on the south side of the street. The building association held a meeting on Thursday evening and elected the following gentlemen as a board of directors: Messrs. R. C. Chambers, R. L. Scannell, W. Roberts, H. Hill, R. D. Dunne, Max N. Lippman, C. Diehl, H. Pembroke and J. F. Corke. There will be for one year. The order is becoming so numerous in this territory that a permanent home is a necessity and the sooner it can be obtained the better it will be. In 1881 the number of Masons in the United States was 638,462, and if all sections of the country have increased since in the same proportion as Utah, they will now number nearly a million.

Mount Moriah lodge held its regular meeting on Monday night and worked in the third degree.

The members of the Mystic Shrine met in regular monthly session on Wednesday evening, when the ordinary routine business was worked. There will be a special meeting of the Shrine about the end of May, when a number of novices will be admitted to the temple.

Vasatch lodge met last evening in regular session. Only routine business was transacted.

## L. O. O. F.

The arrangements for the celebration of the seventy-fourth anniversary of the founding of the order in America, on April 26, are nearing completion. The committee are at work, and as far as can be gathered the anniversary will be a hummer. There will be a ball on the first floor, lectures and a musical entertainment on the second floor and cards and games on the third floor of the L. O. O. F. temple.

The committee on the revision of by-laws are still working and are expected to report next week. The idea is to make a uniform set of by-laws for all the lodges and thus avoid a great deal of confusion.

Jordan lodge met on Monday evening and had a large attendance. There was no degree work and the regular routine business occupied the time.

A union installation of officers of Quairr and Unity encampments was held on Tuesday evening, when the following officers were elected: For Quairr, M. Jewett, chief patriarch; C. M. Brown, high priest; senior warden, S. W. Darke; scribe, T. N. Jennings; treasurer, J. J. Scribner. For Unity, chief patriarch, F. Palmer; high priest, O. L. Elliott; senior warden, W. H. Smith; junior warden, Delois Irish; scribe, C. H. Wixson; treasurer, T. J. Press.

Enterprise and Edgely lodges met on Wednesday evening and had a large attendance. There was no degree work and regular routine business only was transacted.

Fidelity and Salt Lake lodges met last evening. In the former work was done in the second degree, one candidate receiving that rank, and in the latter several applications for membership were received and referred to the proper committees.

Miriam Rebekah degree lodge will meet tonight. Four candidates will appear for initiation and other work of the lodge will be transacted.

## Knights of Pythias.

The Pythians have had a rather uneventful week. On Monday evening Caliente lodge met and received two applications from parties wishing to join. The attendance was good and a pleasant time was reported.

Myrtle lodge held its usual meeting on Tuesday evening. Amongst other business Brothers J. P. Gray, Robert McDon, Arthur Wilde and O. Zink were chosen as delegates to attend the meeting of the grand lodge at Ogden on June 5.

At the meeting of Monitor lodge on Wednesday evening four papers were read to the rank of equir and routine business transacted.

Rocky Mountain lodge had a well attended meeting on Thursday evening, at which three applications to join were received and will be dealt with in due course.

The Uniform Rank met on Friday evening and initiated N. Olson as a member of the rank. The next meeting will be held on the first Friday in May, when the members will indulge in a banquet. Captain W. W. Hall is endeavoring to organize a team of twenty-four well drilled men to attend the World's fair as representatives of the order from Utah.

## A. O. U. W.

Temple lodge met on Monday evening. There was little business beyond the ordinary routine.

Salt Lake valley lodge on Thursday had a good meeting and new hall in Union block. Two new members were elected and two applications to become members were received and placed in the hands of the investigating committee.

The Canadian Overseer, an A. O. U. W. paper has the following to say about a loan fund which seems full of good common sense and is worthy of the consideration of all lodges:

"In some orders there are a few lodges that have established what is known as a loan fund, for the benefit of those members who are late in paying their assessments and who may become liable to suspension. This unnecessary care of the dilatory and careless members is proving to be a mistake. We need not complicate the workings of the fund, as members in every order are familiar with it. Complaints soon become numerous of the way in which men permit their assessments to be paid out of for months, and then allow themselves to be suspended without reimbursing the lodge, thereby chasing their fellow men who sought to do them a kindness, out of \$5 to \$10 before the officers realize their position. On this account several lodges have abolished the loan fund, and it appears that wherever it has become a practice, that which was intended to be a help to members of substandard lodges, have to be done away altogether, because it appears that dishonesty and ingratitude of those who were benefited. There is more true charity in suspending a member promptly and notifying him of the same than in pursuing him up in a 'please don't leave the order' style. This does not apply to ready members in sickness or misfortune, but it does apply to nine-tenths of the chronic 'suspended' members."

## Red Men.

Washakie tribe met on Thursday evening, with a good attendance. There was no degree work, and regular routine business occupied the lodge. The reports of officers, which showed the tribe to be in a flourishing condition, were received, and sick benefits were voted to one brother who has been confined to his bed for some time.

Temple of Honor and Temperance.

The regular meeting of the above order took place at their hall over Deseret National bank on Thursday evening last. A fair number of Templars were present and the routine business was transacted. Remarks were indulged in by the members under the head of "good of the order." Announcement was made that at the next

meeting nomination of officers will be in order and a full attendance of the members is desired. The next meeting of the council department takes place on the 25th of the present month, when election of officers takes place and all the companions are urged to be in attendance, as business of importance is to be transacted at that time.

## Sons of St. George.

The Sons of St. George held their regular meeting on Wednesday, April 12, at the Temple of Honor hall. Owing to the worthy president, Wm. Gill Mills, suffering from a severe attack of sickness and being unable to be present, several important items of business were at his earnest request laid over until the next business meeting, which will be held on Wednesday, April 19, when the final programme for St. George's day will be announced. The committee appointed for that purpose have engaged Cliff's hall for the occasion, and delegation from Park City have expressed their willingness to join the Sir Knights of Salt Lake city in their celebration of the day, therefore the officers of the lodge request a full attendance of all members so that arrangements can be made to receive the visitors suitably.

The order of Sons of St. George keep the day in commemoration of their patron saint, St. George, who was born at Lydda and was executed for his devotion to Christianity by the Roman emperor in the year A. D. 303. This order of the Garter was established about 1249, on St. George's day, April 23, when King Edward III of England, accompanied by twenty-five knights, marched bareheaded in solemn procession to the chapel of St. George, then recently built by the bishop of Winchester. The qualifications for a member of this order are: That the applicant was born in England, or is the son or grandson of an Englishman or of the lineage of the order, or wherever born, or the son of a member, over eighteen years of age and under fifty; a believer in the supreme creator and preserver of the universe; of good moral character, able to support a moral certificate of good health. What is the difference if the naked are clothed in the hungry, the sick visited, the dead buried decently, the orphan taken care of or the widow helped, whether it is done by a church or by a society? Christianity is larger, broader and more comprehensive than denominations, or churches or human organizations. Because churches are unable to meet these difficulties, shall we grumble because men and women organize, join hands and resources to feed the hungry, clothe the naked, bury the dead and help the widow and orphan? The public have a right to know the details of every secret society, to know that it is a great benefit to the community, the first remedy of a medical cure rendering an operation with less pain and suffering. This remedy has never been known to fail. It is a box, 6 boxes for \$5; sent by mail. Why suffer from this disease when a written remedy is positively given by 6 boxes, to refund the money if not cured. Send stamp for free sample. Guarantee returned. A. Smith & Co., wholesale and retail druggists, sole agents for Utah. Salt Lake City.

Arrangements are being made to hold special services in the temple Friday and Saturday next, for the Sunday school children of the primary and first intermediate departments under 8 years of age, and those over 8 who have not already been in the temple.

Superintendents of Sabbath schools in this stake will please have this announced in their schools on Sunday morning. Notices to be sent to the superintendent of the primary and first intermediate departments under 8 years of age, and those over 8 who have not already been in the temple.

The teachers of these departments and the superintendents will accompany the children.

Those Superintendents.

Notice to Sunday School Superintendents.

## WORST FORM ECZEMA

Exhibited Best Medical Skill for Eight Months. Cured in Two Months by Cuticura Remedies.

This is to certify that a child of mine had Eczema in its worst form, and which had defied the best medical skill that could be employed here. The little sufferer was wracked in agony for at least eight months, and it was only by the use of the CUTICURA REMEDIES, that the disease was cured. The child was born on May 1st, 1891, and was now two months old. The disease had defied the best medical skill that could be employed here. The little sufferer was wracked in agony for at least eight months, and it was only by the use of the CUTICURA REMEDIES, that the disease was cured. The child was born on May 1st, 1891, and was now two months old. The disease had defied the best medical skill that could be employed here.
